

Covid 19 - Lockdown 3

We are receiving a large number of reports of Covid-19 breaches of people staying in holiday lets, Air B n B and second homes. Guidance is clear and no overnight stays are allowed and you must stay in your primary residence unless there is a very good reason and exemption in the restrictions. (This also applied when we were in tier 4.)

Those found to be breaching the law, today, have been asked to pack up immediately and leave. Any holiday lets found breaching rules will be fined by trading standards and given police evidence.

Please keep reporting breaches as all are being attended. This can be reported though our website under the tab "Report" Scroll down to "Breach of Covid 19 measures"

We may not be able to update you to all reports sent in but will try and publish as many incidents updates as we can via this alert system.

Many thanks
PC 2201 Nick Westmacott
