

Sending Tourists Away

Under the current tier 4 restrictions you may leave or enter a tier 4 area for the purpose of exercise. You must stay within your tier.

Myself and PC Escolme have been in Bourton all day engaging with tourists, any tourists who live outside of Gloucestershire have been sent away immediately or risk getting a £200 fine.

Whilst doing this we have found a vehicle owned by a London resident visiting the village for a walk, upon checking the vehicle we have found that it has had no tax for a year! The vehicle was seized and the owners will face a long and expensive taxi home as well as recovery and ticket costs.

We will be back out tomorrow to make sure visitors are abiding.

We have seen the residents complaints on social media about tourists over Christmas and we are responding, please feel free to share this message on social media to show residents that we do listen and we will act on their complaints.
